

We create content on various channels above to assist with the inbound organic results, help with one internal person within the organisation that they are the Champion and we build up their Google Profile as the author of the content which adds additional strength to the content and hence the keyword ranking.

Basic Training of this person on how best to manage and create the content, how and where to place etc. When training is included in package it consists of a number of hours over the course of the 3 months, broken down up to 2 onsite sessions per month. We do all of the work, and the aim of the training is to have a staff member that is empowered to manage going forward and we can assist afterwards.

When we launch sites we do boost promotions on Google, Facebook and our site which will also guarantee substantial traffic - you will also receive a boosted traffic from our Google Safe client links (approximately 120 sites scheduled over 3 months).
